quick release:

Code requires that flame resistant garments be designed for quick and easy removal. This is why we put the extra effort in and install a series of high tension snaps spaced 3-1/2" apart. The snaps allow for a quick and easy exit from the garment in the event that the wearer is involved in a flash fire or electrical arc flash. The high tension snap system also minimizes the amount of conductive material when compared to a full zipper. The snaps are positioned so they are not exposed to the outside or the wearer's body.

Style # 4009FR

Benchmark FR Twill, 9.2oz.
S M L XL 2XL 3XL 4XL 5XL

PERFORMANCE

- Flame Resistant for Life
- Self Extinguishing
- Durable, Ring Spun Twill
- HRC 2
- ATPV = 9.6 cal/cm²

COMPLIANCE

- NFPA 70e
- OSHA 1910
- ASTM 1506
- ASTM 1959
- NESC 2007
- NFPA 2112 Tested

FEATURES

- Adjustable Inseam
- Quick Release Closures
- Elastic Waist
- Seven Pockets
- Pass-thrus
- Back Gussets
- Home & Industrial Wash Safe

BENEFITS

- Soft, Breathable Fabric
- Generous Fit
- Reduced Size Combinations
- Quick Escape Closures
- Safe to Wear Against Skin
