

Style # 4015FR

Benchmark Sateen Shell w/ Weather System
M L XL 2XL 3XL 4XL 5XL

COLORS:

NAVY

Removable Hood Included

PERFORMANCE

- Flame Resistant for Life
- Self Extinguishing
- HRC 3
- ATPV = 39* cal/cm²
* Actual ATPV is much higher

COMPLIANCE

- NFPA 70e
- OSHA 1910
- ASTM 1506
- ASTM 1959
- NESC 2007

FEATURES

- Wind Proof
- Water Resistant Face
- Water Proof Outer Shell
- Zero Degree
- Taped Seams
- Soil Release Fabric
- Two Zipper Pockets
- Lined Glove Pockets
- Radio/Pen Pockets
- Wind Guard Waist
- Storm Front Closure
- Wrist Closures
- Removable Hood

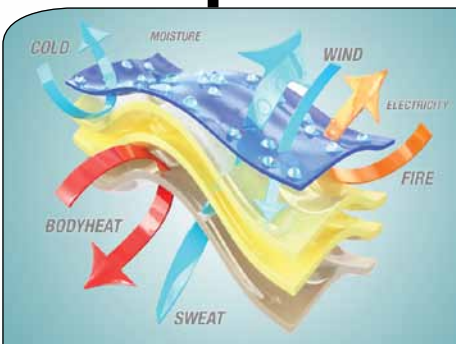

BENEFITS

- Wind Proof
- Water Proof
- Insulated
- Soft Fabric
- No Break-in Required
- Engineered for Movement

ADD ON

- Name Patch
- Company Patch
- Reflective Striping

wind & waterproof:

We took the standard and made it high performance. This parka style jacket is constructed of a break through flame resistant fabric system which uses pre-oxidized meta-aramid insulation, soil release coatings, wind proof and water proof layers with Benchmark FR scrim. The fabric system uses technology that allows moisture vapor to escape even during zero degree weather. The feel of the jacket is soft and flexible and all the seams are taped and sealed protecting the wearer from cold, wind and fire. This jacket is the finest garment we have produced.
